A SPRING COLLECTION

BY ROZUKI'S DESIGNS

Hearts Dress

The Hearts Dress is the epitome of cuteness and form flattering style. With it's feminine silhouette featuring an a-line skirt and close sitting waist you better bet it'll catch attention! Just remember that not all hearts need to be broken.

Wiggle Dress + Peplum

The classic silhouette of the Wiggle dress never goes out of style. Wear it alone or add the removable Peplum for a silhouette change to wear the dress again and again!

Hearts Shirt + Capri Pant

Who doesn't love a great pair of cute Capris and a Tie-Front Cropped Tee? The two are cute incarnate and have loads of styling options - making them both staple pieces in any wardrobe! Plus the shirt features a functional heart shaped pocket (because you'll need a place to stash all the numbers onlookers will be throwing at you).

Convertible Playsuit

Inspired by the convertible fashion of the 1950's, the Convertible playsuit is everything you need to go from brunch to the beach! The Playsuit and Skirt can be worn separately or on their own giving you endless styling options.
